Liposomal Glutathione

Introduced 2013

What Is It?

Liposomal Glutathione offers enhanced absorption liposomal glutathione for powerful antioxidant, cellular function and liver health support.*

Special Features

- Offers the key antioxidant glutathione in an enhanced absorption liposomal form*
- Purified phosphatidylcholine delivery system offers natural liposomal formation due to the hydrophobic and hydrophilic nature of phospholipids
- Liposomal form protects glutathione bonds from the degradation that can occur during digestion*

Uses For Liposomal Glutathione

Cellular Support: Glutathione is a key component of the antioxidant system, which protects the body from free radicals at the cellular level. It is found in virtually every cell of the body and plays a critical role in protein synthesis, synthesis and repair of DNA, enzyme function, transport, and cell maturation. Optimal levels of glutathione have been associated with physical and mental health.*

Liver Health: The highest concentration of glutathione is found in the liver. In the liver, it offers antioxidant support for liver tissue protection and promotes p450 phase II conjugation pathways to support detoxification. Additionally, it supports healthy lipid metabolism.*

What Is The Source?

Glutathione is sourced from corn glucose fermentation. The phospholipid complex is derived from soy.

Recommendations

Pure Encapsulations recommends 2 capsules daily, in divided doses, with meals, or as directed by a health professional.

Are There Any Potential Side Effects Or Precautions?

If pregnant or lactating, consult your physician before taking this product. At this time, there are no known side effects or precautions. Consult your physician for more information.

Are There Any Potential Drug Interactions?

At this time, there are no known adverse reactions when taken in conjunction with medications. Consult your physician for more information.

Liposomal Glutathione

each softgel capsule contains 16 sg

BioGlute™ proprietary blend of glutathione
and essential phospholipids375 mg
providing
glutathione 250 mg
phospholipid complex 125 mg
other ingredients: extra virgin olive oil, beeswax, calcium carbonate, gelatin capsule (gelatin,
glycerin, water, titanium dioxide)

Contains soy

This formula requires refrigeration.

1-2 capsules daily, in divided doses, with meals, or as directed by a health professional.
