Curcumin 500 with Bioperine®

What Is It?

Curcumin 500 with Bioperine® provides powerful support for maintaining a healthy inflammatory response, promoting cellular health, and supporting healthy liver, colon and musculoskeletal function. Bioperine® is a black pepper extract that contains the alkaloid piperine. Research reveals that it has the potential to enhance the bioavailability of curcumin, promoting its absorption.*

Uses For Curcumin 500 with Bioperine®

Cellular Health: Curcumin supports the body's natural detoxification system and helps maintain healthy hepatic function. These actions are associated with its beneficial effects, including support for healthy liver, colon and musculoskeletal function. Curcumin C3 Complex® has been the subject of scientific investigations at a number of hospitals and universities. Most recently, it has demonstrated the potential to maintain healthy tissue in the brain by supporting macrophage activity and has been associated with powerful support for cellular health in separate trials.*

What Is The Source?

Turmeric† extract is derived from *Curcuma longa* root and standardized to contain 95% curcuminoids. Bioperine®†† extract is derived from *Piper nigrum* fruit and standardized to contain 95% piperine. Ascorbyl palmitate is derived from corn dextrose fermentation and palm oil.

†Curcumin C3 Complex® is a registered trademark and patented product of Sabinsa Corporation.

 **BIOPERINE®** ††Bioperine® is a registered trademark and patented product of Sabinsa Corporation.

Recommendations

Pure Encapsulations recommends 1–3 capsules per day, in divided doses, between meals.

Are There Any Potential Side Effects Or Precautions?

Turmeric may cause GI upset, including nausea or diarrhea. If pregnant or lactating, consult your physician before taking this product.

Are There Any Potential Drug Interactions?

Bioperine® may alter the absorption or metabolism of some medications. Turmeric may be contra-indicated with blood thinning medications. Consult your physician for more information.
